

# **5th Infraday Mountain States May 20**

***Where Public and  
Private Sector Leaders  
Advance Infrastructure  
Across the Mountain  
West***

**Mile High Station  
2027 W Colfax Ave**

**Denver, CO 80204**

**[www.infraday.com/mst](http://www.infraday.com/mst)**

**7:00 – 8:30 AM**

**Registration & Morning Networking**

---

**8:30 – 9:10 AM**

**Panel: Mountain West Growth — Infrastructure for a Region Under Pressure**

- Population growth across Colorado, Utah, Arizona and its impact on infrastructure systems
  - Balancing housing, mobility, water, and energy in fast-growing metros
  - Regional coordination across cities, counties, and state agencies
  - What public owners are prioritizing over the next 5–10 years
- 

**9:10 – 9:50 AM**

**Panel: Managing Capital Programs Across Cities, Utilities & Agencies**

- Scaling capital program delivery across fragmented agencies
  - Program controls, dashboards, and enterprise visibility
  - Aligning finance, procurement, and delivery teams
  - Lessons from Denver, Aurora, and regional agencies
- 

**9:50 – 10:30 AM**

**Panel: Transportation, Transit & Regional Mobility Systems**

- CDOT, RTD, and regional mobility investment priorities
  - Freight corridors, rail expansion, and last-mile connectivity
  - Integrating transit with housing and economic development
  - Funding and delivery challenges across jurisdictions
- 

**10:30 – 11:00 AM**

**Morning Break**

---

**11:00 – 11:30 AM**

**Panel: Water Supply, Drought & Western Resilience**

- Long-term water supply planning across the Mountain West
- Groundwater, storage, and conveyance challenges

- Urban vs. agricultural water competition
  - Climate-driven stress on water systems
- 

### **11:30 – 12:10 PM**

#### **Panel: Energy, Grid Infrastructure & Industrial Load Growth**

- Grid expansion and transmission constraints across the region
  - Energy demand from electrification, data centers, and industry
  - Renewable integration, storage, and reliability
  - Utility planning strategies in high-growth corridors
- 

### **12:10 – 12:30 PM**

#### **Presentation: Digital Delivery at Scale — From Projects to Portfolios**

- Connecting BIM, GIS, and program controls
  - Real-time visibility across capital programs
  - Reducing risk through data integration
  - Moving from reporting to decision-making
- 

### **12:30 – 1:40 PM**

#### **Lunch**

---

### **1:40 – 2:00 PM**

#### **Presentation: AI in Infrastructure — Real Applications in the Field**

- AI in scheduling, inspections, and asset management
  - Use cases from transportation, utilities, and cities
  - Where AI is actually delivering ROI today
- 

### **2:00 – 2:40 PM**

#### **Panel: Housing, Land Development & Infrastructure Capacity**

- Infrastructure constraints limiting housing delivery
  - Aligning utilities, roads, and public services with growth
  - Public-private coordination in development
  - Lessons from fast-growing Mountain West cities
-

**2:40 – 3:20 PM**

**Panel: Broadband, Fiber & Digital Infrastructure Expansion**

- Middle-mile and last-mile deployment across urban and rural areas
  - Integrating fiber with transportation and utility corridors
  - Digital equity and economic development
  - Public-private partnership models
- 

**3:20 – 3:50 PM**

**Afternoon Break**

---

**3:50 – 4:20 PM**

**Panel: Alternative Delivery & Procurement in the Mountain West**

- Design-build, CM/GC, and progressive delivery models
  - Risk allocation between owners and contractors
  - Procurement strategies for complex capital programs
  - Lessons learned from recent regional projects
- 

**4:20 – 5:00 PM**

**Panel: Robotics, Automation & Field Technology in Infrastructure Delivery**

- Robotics in construction, inspection, and maintenance
  - Autonomous systems improving safety and productivity
  - AI-driven field data collection and progress tracking
  - Deployment across transportation, water, and energy projects
- 

**5:00 – 5:30 PM**

**Panel: The Next Capital Cycle — Funding Infrastructure in the Mountain West**

- State and local funding outlook
  - Role of private capital and infrastructure investors
  - Federal programs and grant strategies
  - What gets funded — and what doesn't
- 

**5:30 – 7:00 PM**

**Networking Reception**
